THE POWER BREKKY with STOLZY & DAMIEN
6 - 9AM WEEKDAYS

Le tour de Post

A team of young men from Muswellbrook are hoping to raise \$30,000 for Cancer Council Australia, riding Postie Bikes in the "Le tour de Post" from Muswellbrook to Port Macquarie and back.

The team (pictured) are friends and are used to a much faster mode of transport than their newly acquired postie bikes.

Lincoln Churcher, spokesperson for the group said trial runs so far have only taken them a couple of hundred kilometres.

"Thank goodness for the support vehicle, we may be in that more than on the bikes"

He said support for the ride from the community has been above expectations.

Madame Flute comes to Muswellbrook

Join us as flûtiste extraordinaire, Jane Rutter, performs French cabaret, chansons & classical favourites including French baroque & pieces by Piaf, Aznavour, Faure, Debussy, Poulenc, Ravel and Michel Legrand.

Accompanied by virtuoso accordionist Marcello Maio and pianist Vincent Colagiuri, Jane performs on six different flutes in this 'up-close and personal' evening of great French music.

Knighted by France in 2016 for her services to music (Knight of the Order of Arts and Letters), Jane is a Renaissance woman who pioneered the trend of taking fine classical music to the people. Due to her French heritage, when she plays, her flute transcends traditional limits.

The bar will be open from 7, helping to set the mood for a soirée that promises to transport you to the vibrant and bohemian streets of Paris. Vive la France!

Spring has sprung and it's baby animals galore at The Australian Reptile Park!

Spring babies have taken over The Australian Reptile Park this season with the Central Coast wildlife sanctuary experiencing a BABY BOOM! Springtime usually means babies, however park staff are both overwhelmed and overjoyed with the overload of new arrivals.

Record numbers of koalas and Tasmanian devils being born into the Park's conservation programs play a big role in the boom with each of the programs seeing 11 and 50 born into each respectively. In the last 6 months The Australian Reptile Park has seen the arrival of baby emus, dingo pups, wallabies, possums, alligators, cockatoos, lizards and turtles to name a few.

General Manager Tim Faulkner says "We are so excited by all of our gorgeous new additions to our Reptile Park family. They are all proving to be hits with our visitors, with photos popping up on social media more and more each day!"

Faulkner goes on to say "It's so fantastic that our breeding programs are doing so well so we can continue to educate visitors about the plight of some of these species. Whether they're helping to raise awareness about a decline in population, teaching people to check pouches of animals killed by road strike or even just generally helping people to put a face to our endangered species and maybe making them care just a little more"

Guests will be able to see various baby animals during the upcoming Spring school holidays bonding with their mums in their exhibits. Visitors will also be able to admire all of the hand raised adorable new arrivals up-close in the popular Baby Animal Nursery!

The Australian Reptile Park is a hands-on zoo located the natural bush setting of the Central Coast of NSW, only 60 minutes from Sydney or Newcastle. Enjoy live entertaining shows, themed exhibits and interaction with many of the wildlife sanctuaries residents. The Park is open daily from 9am-5pm, with complimentary parking and BBQ facilities. Bulky waste kerbside collection

The Upper Hunter Shire Council's free Bulky Waste Collection is back.

In Scone waste must be put out on the 20-21 October 2018.

In Aberdeen, Blandford, Bunnan, Cassilis, Gundy, Merriwa, Moonan Flat, Murrurundi, Parkville, and Wingen it will be the following weekend, 27-28 October 2018.

Waste must only be put out during the weekend for your town and will be collected within the following fortnight. Waste added after the weekend will not be collected. This collection is for residents who have an existing weekly kerbside bin collection service.

Residents can get rid of bundles of green waste, broken furniture, floor coverings (rolled up and no longer than 1.5m), decrepit garden

furniture and other non-recyclable waste.

Many items that are not collected in the bulky waste pick up are still accepted free at Waste Management Facilities in Aberdeen, Merriwa, Murrurundi and Scone. This includes recyclable containers, e-waste (cables and chargers, mobile phones, computers, televisions and small household appliances), batteries, oil (up to 20L) and white goods (except fridges which are accepted for a fee). Scrap metal is also accepted free at the facilities for recycling.

Other waste that will not be collected includes objects weighing over 20kg, mattresses, electronics, car parts, and mirrors/glass

panels. A guide to what is and isn't collected is available on Council's website.

Items need to be stacked neatly next to the kerb, making sure the footpath and roadway is not blocked. Items must be secure and bagged or bundled to avoid windblown littering. The volume of waste should not exceed that of a 2m³ box trailer.

Any unacceptable items that remain on the kerb after the collection, could be considered illegal dumping which can attract a \$250 fine.

For further information contact Council's Waste Contractor JR Richards on 1800 312 934.

Parvo and your puppy

One of the most common illnesses we see in puppies in our area is Parvo Virus. Parvo is a very contagious virus that can be fatal. Please protect your puppy from Parvo!

Follow your puppy's vaccination schedule

All puppies need 2-3 vaccinations, depending on the age at which you purchase the puppy. At Pet Medical we recommend vaccinations at 6-8 weeks, 10-12 weeks, and 14-16 weeks. It is crucial that your puppy receives its final vaccination at 14-16 weeks of age, not younger. There is never zero risk but a vaccinated dog has a very low risk of contracting parvo.

Parvovirus is a deadly killer. Puppies are especially vulnerable. Pet Medical is committed to killing the killer. Please help us end parvo by making sure that your dogs are vaccinated against this dangerous virus.

Make sure your pet is vaccinated!

Help stamp out parvo

Vaccinated puppies don't shed parvo into the environment so the more dogs that are vaccinated in the community, the lower the risk among all the dogs in that area. Protecting your puppy will help protect all of our puppies!

Do not socialize your puppy during a parvo outbreak!

The vaccines need time to build up resistance in your puppy's immune system, and will not yet protect them until two weeks after the final vaccination. To protect your puppy:

- Get your puppy fully vaccinated (2-3 vaccinations, 3-4 weeks apart as directed by your vet)
- Do not take your puppy to the park/walks/public places until after its final vaccination

- Do not encourage people to visit your puppy until then. Parvo virus can be carried on people's hands, clothes, shoes and vehicles.
- Do not encourage people to bring their dogs around to play until your puppy has finished its vaccinations. Your puppy can play with other healthy, fully vaccinated dogs in your household.

- Follow basic hygiene! Encourage people to wash their hands before they handle your puppy.

Be aware of the risks.

If you live in a rental property where the history of the yard is unknown, OR if you live on a property where you know there have been dogs affected by parvo virus, the virus can live in the soil for up to a year. This means it is never safe to have a puppy in a yard where there has been parvo. You need to keep the puppy elsewhere until after its vaccinations. If you need to disinfect, use bleach and water at a ratio of 1 part bleach to 30 parts water. This can be used on surfaces such as floors, concrete. It is almost impossible to decontaminate or eliminate the virus from the soil or grass.

Know the symptoms of Parvo infection:

- vomiting, diarrhoea with or without blood in stools or vomit
- lethargy, drooling, lack of appetite
- dull and lacking in energy
